THIS PAGE COMPLIMENTS OF

BAY CENTER BARBER.

If

by Rudyard Kipling

If you can keep your head when all about
you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt
you,
But make allowance for their doubting too:
If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,
Or being hated don't give way to hating,
And yet don't look too good, nor talk too
wise;

If you can dream-and not make dreams
your master;
If you can think-and not make thoughts
your aim,
If you can meet with Triumph and Disaster
And treat those two imposters just the
same;
If you can bear to hear the truth you've
spoken;
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to,
broken,
And stoop and build 'em up with worn-out
tools;

If you can make one heap of all your winnings
And risk it in one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss:
If you can force your heart and nerve and
sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: "Hold
on!"

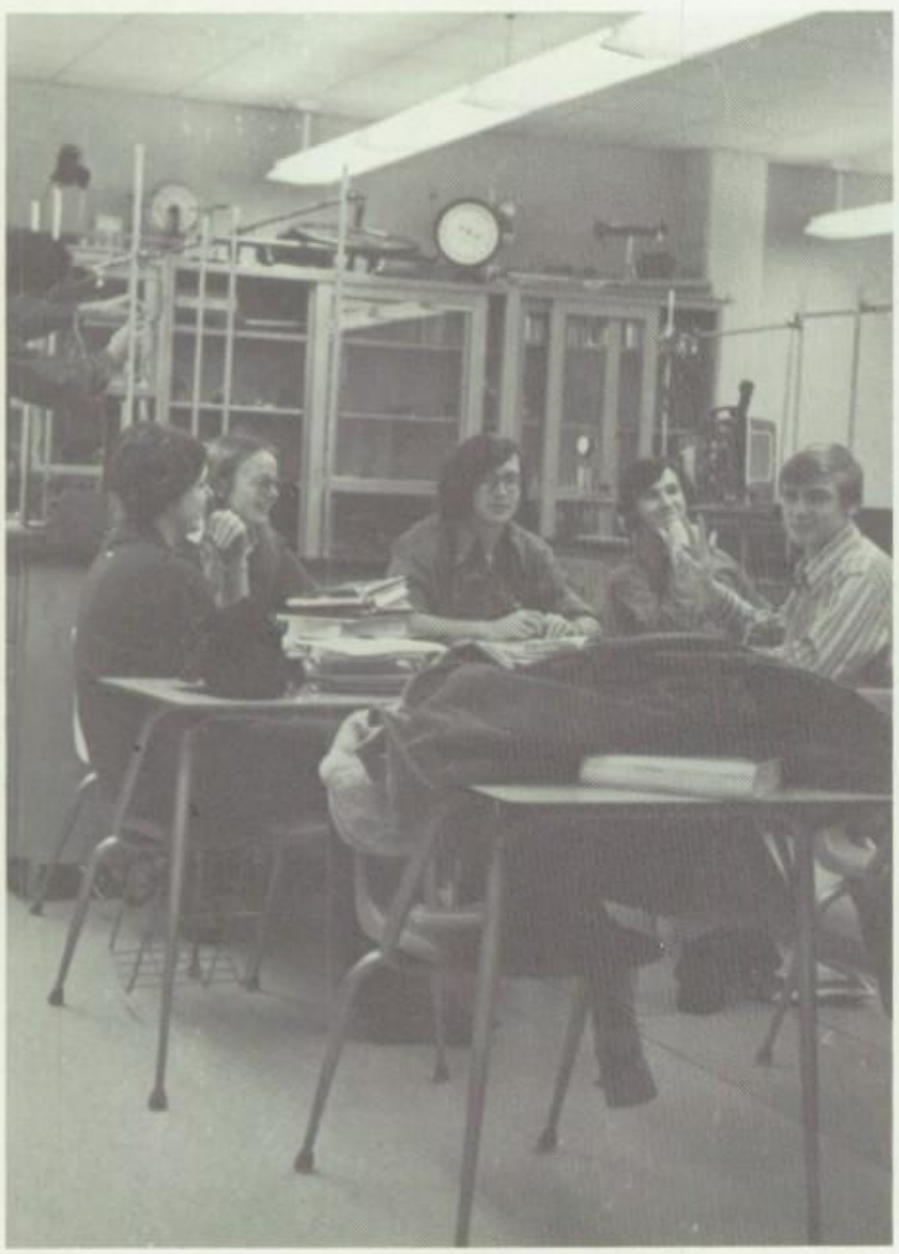
If you can talk with crowds and keep your
virture,
Or walk with Kings--nor lose the common
touch,
If neither foes nor loving friends can hurt you,
If all men count with you, but none too
much:
If you can fill the unforgiving minute
With sixty seconds' worth of distance run,
Yours is the Earth and everything that's in it,
And-which is more-you'll be a Man, my
son!

Throughout the year, Mr. Normand has been a great help with this yearbook. Unlike some advisors, he never ruled with an iron fist, but let us express ourselves as we thought best. He was a fantastic listener, problem solver, and all around good guy. In appreciation for his help and understanding we would like to dedicate this year's CLASSIC to him.

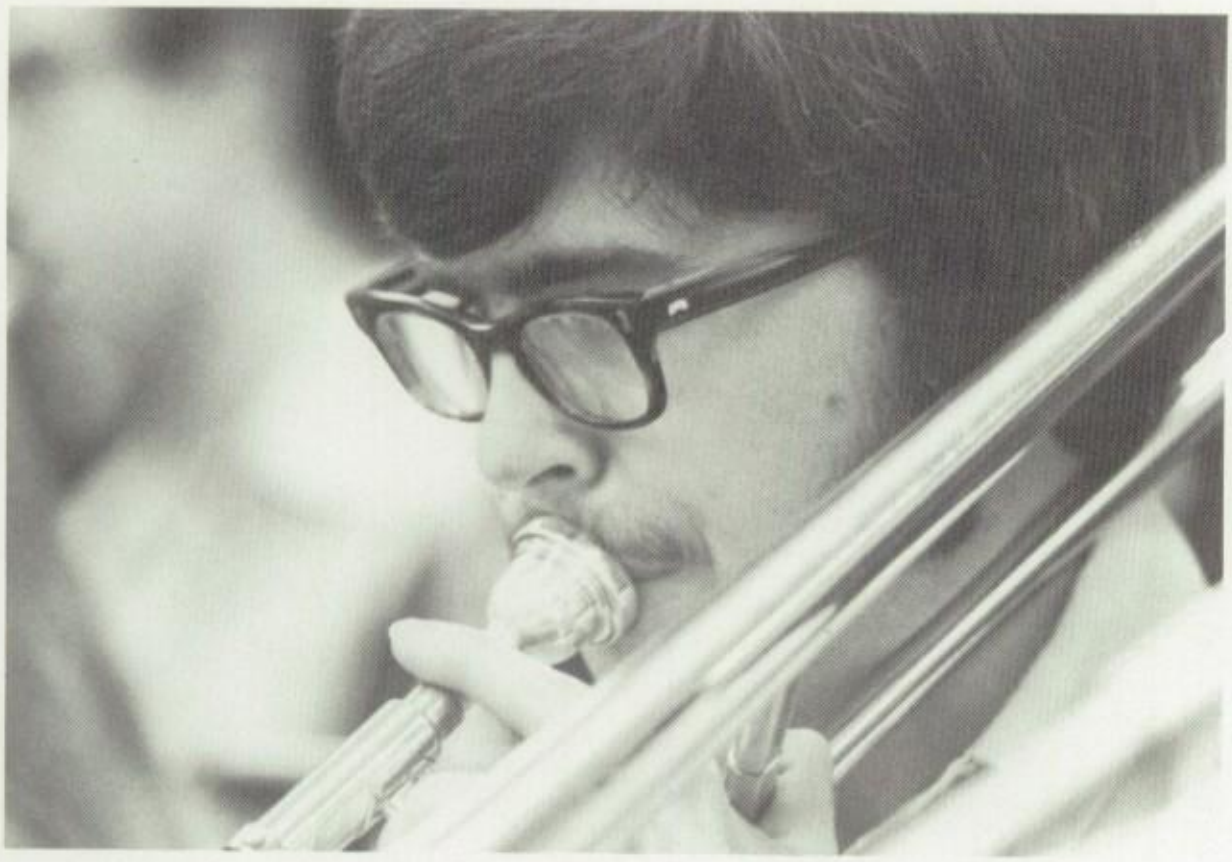
Go placidly amid the noise and haste,

and remember what peace there may be

in silence.

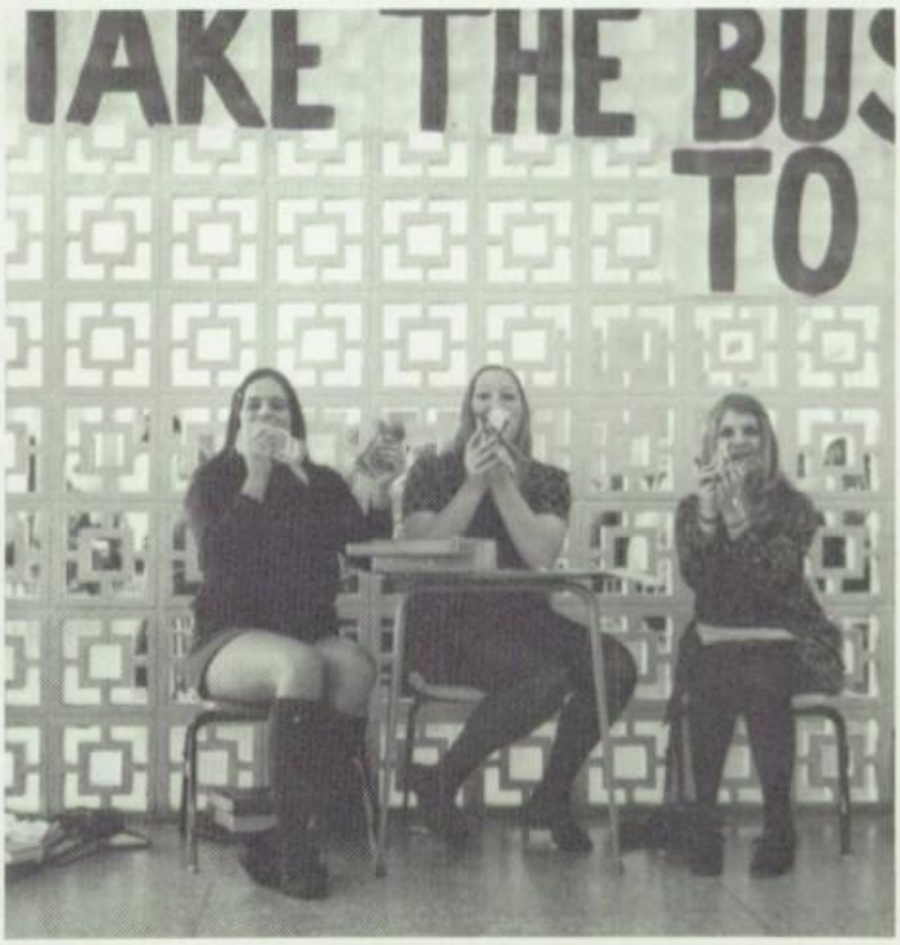


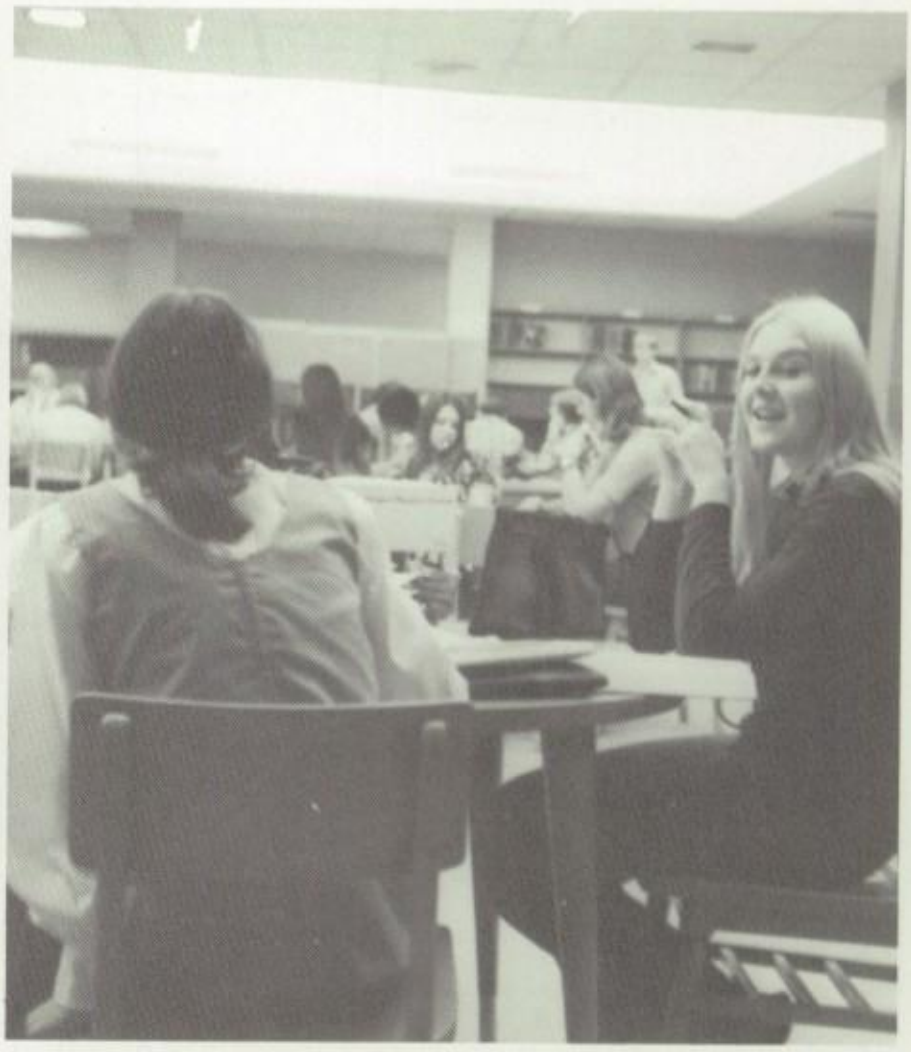
As far as possible without surrender be on good terms with all persons. Speak your truth quietly and clearly.



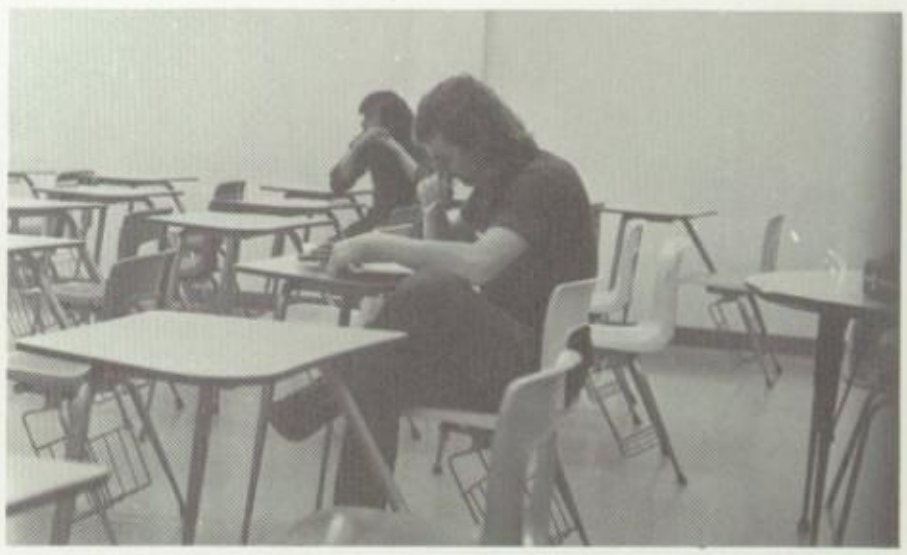
Enjoy your achievements as well as your plans.

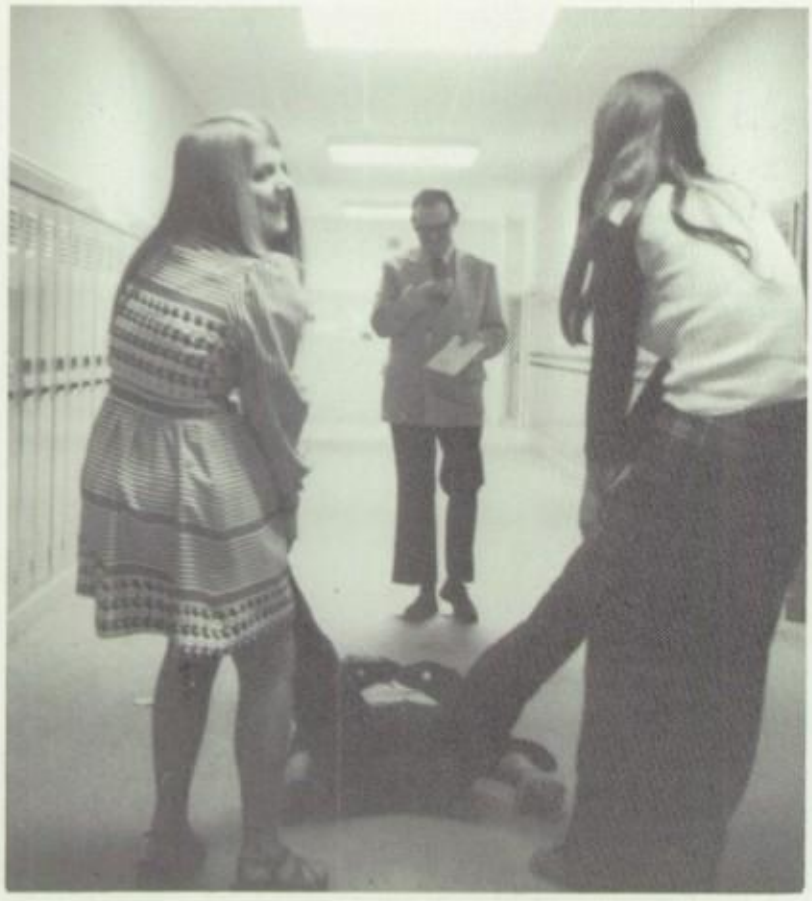
Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for the world is full of trickery.



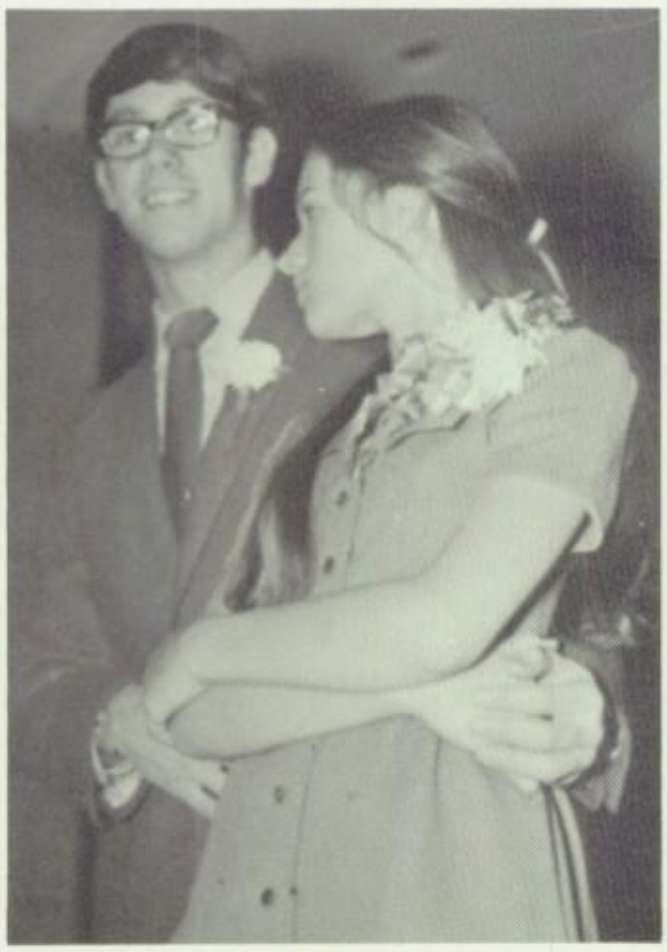


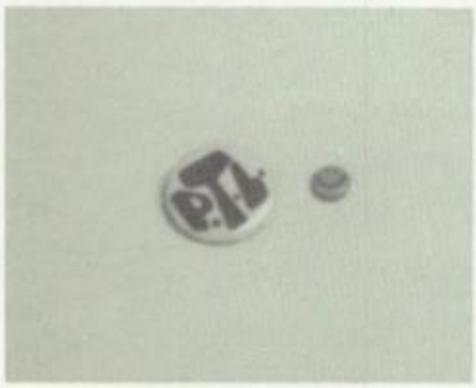
But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism. Be yourself.



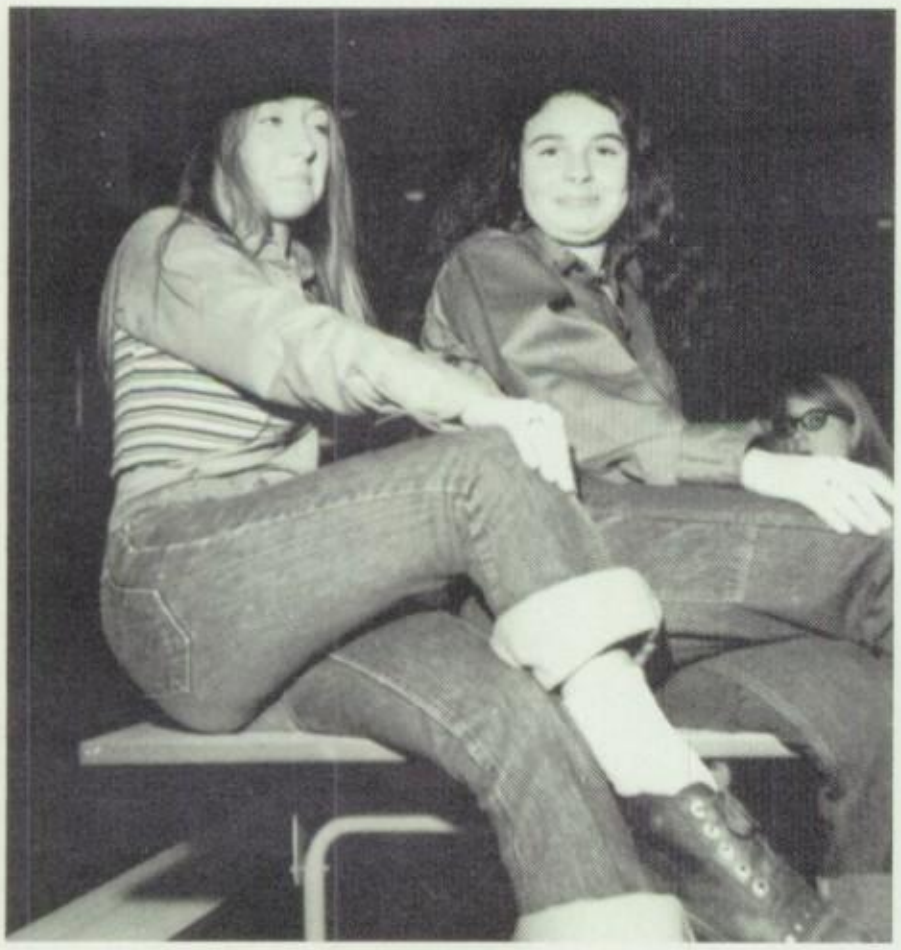


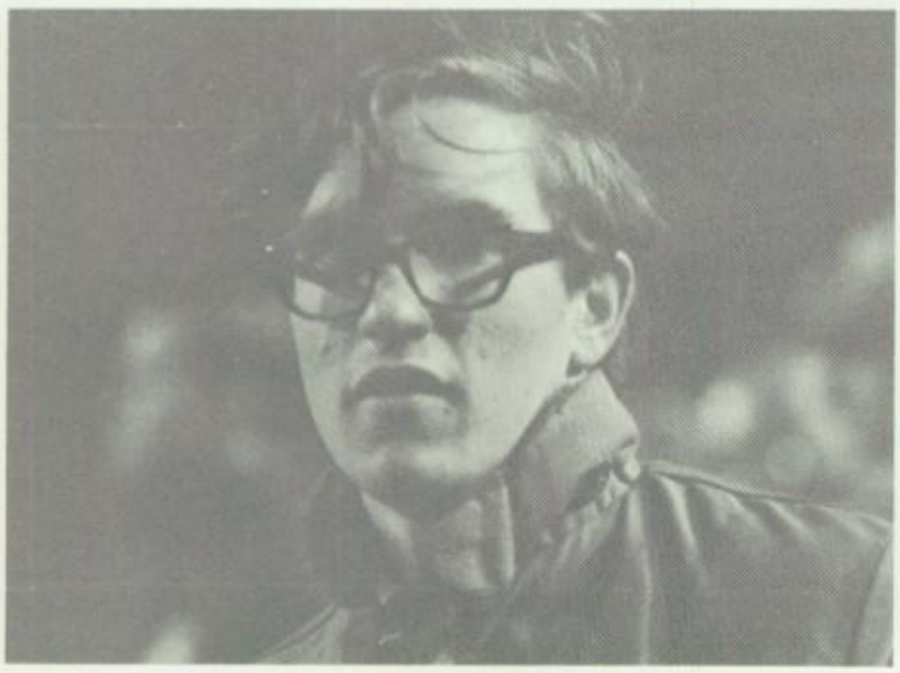
Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity & disenchantment it is perennial as the grass.

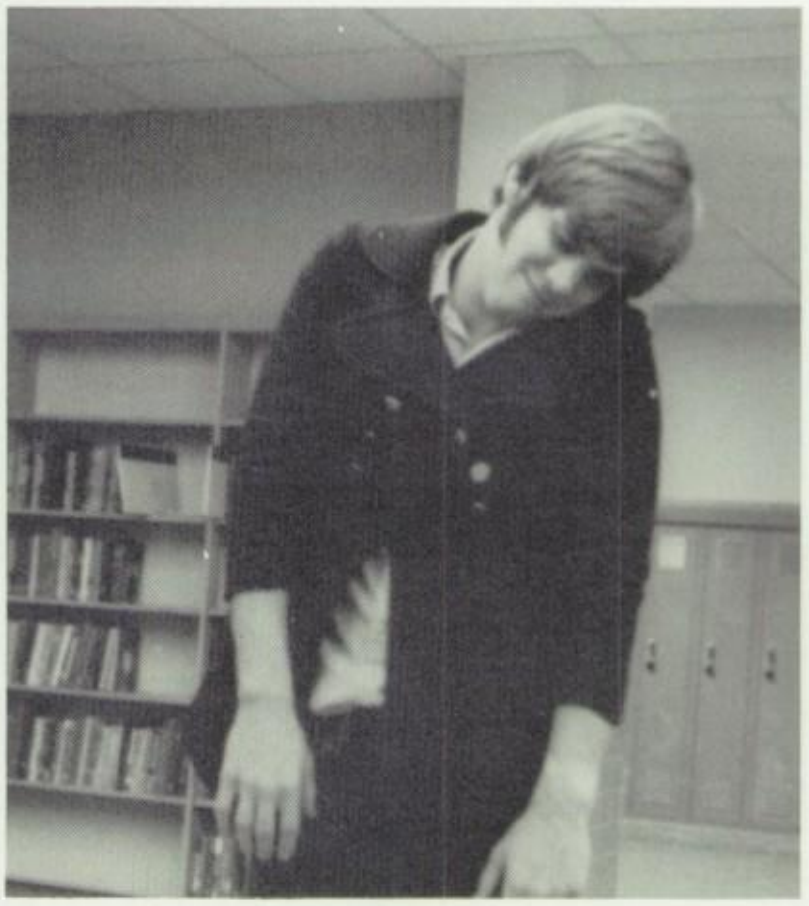




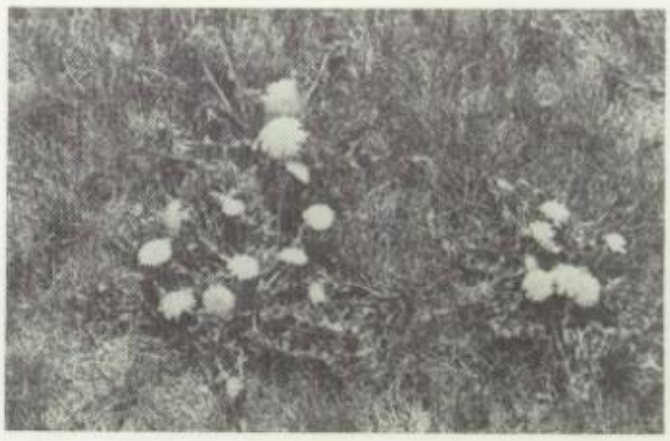
Nurture strength of spirit to shield you in sudden misfortune. Beyond a wholesome discipline be gentle with yourself.







You are a child of the universe no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should.



With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

ADMINISTRATION

The following are comments and opinions about our present faculty and administration at Southwest High School.

"Really, I think the teachers are trying to help the kids and be on their level."

Kathy Marshall-12

"So many of the teachers have such reserved feelings about education and they don't want to make room for newer methods."

Lori Manske-11

"They're just like any other group of people-some good, some bad."

Jayne Vincent-11

"Considering the caliber of most students, they do a satisfactory job of providing students with a liberal education."

Marcia Nylund-11

"It all depends on what way you look at it. Socially-they're fantastic! I want to thank one person in particular who made the school year for the students a heck of a lot easier. I don't know if the students realize it but Mr. Hoerning, our vice-principal, has given more time and energy to the students than they will ever realize."

Bob Klenke-12

"I think in general, they're fair with the kids. Administration concentrates on a higher degree of learning but yet they waste more time on discipline at our expense of a good education."

John Saxe-12

"I like the fact that you can go to them when you need help."

Ellen Olson-10

"I think that there are a lot of good teachers but there are a lot that you can brown-nose."

Nancy Andersen-11

"As a whole, the teachers are good and natural. Some could use a little change toward modern society. This is a minority group but as a whole they're good."

Mark Pasch-10

"They're o.k. except for a few prejudiced members."

Anonymous

"There are some teachers that I like and enjoy and there a others I wouldn't give a plug nickel for. Some are just there to grab their money and run."

Barb Constans-11

"I think they're helpful to students-a lot of them stay in the afternoon and put in extra time."

Janet Welles-12

"I think teachers today are showing less interest in teaching as a profession and more as a unioned job, like in our case, 7-3 and then the job stops which is not the idea of teaching. It's supposed to be a profession. I think the kids feel they are machines that the teachers are manipulating."

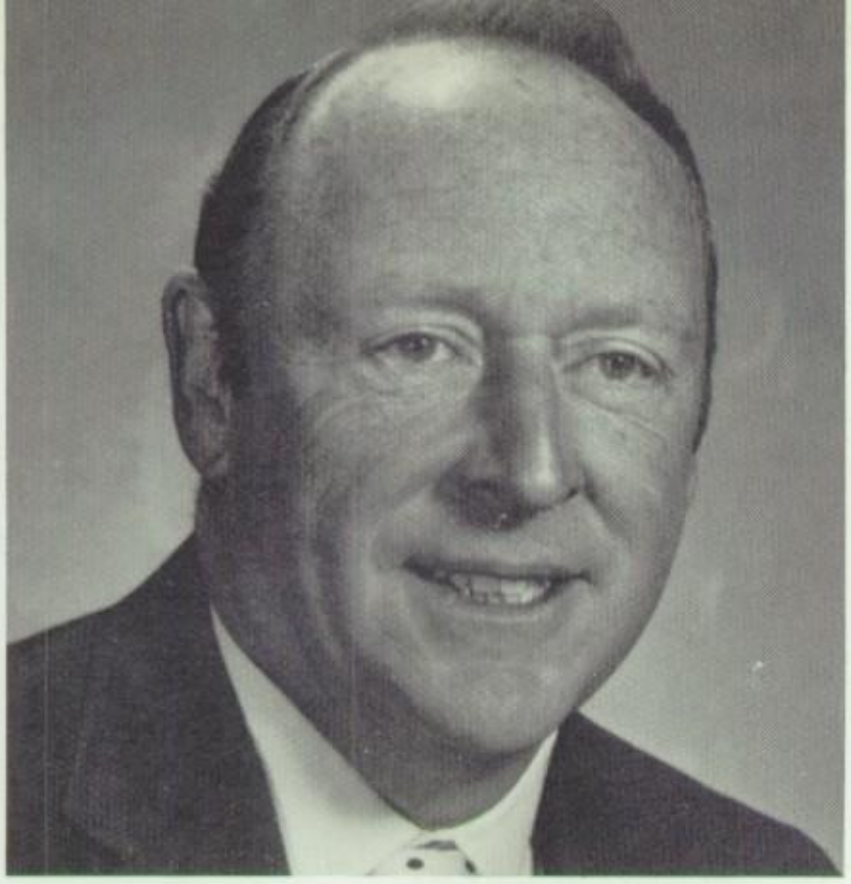
Paul Johnson-11

"There are a lot of different kinds of teachers. You really can't sum them into one category. As a whole though, they're all nice."

Bill Cowans-10

"Dedication in a teacher stands out like a bright star. In the past few years, I think S.W. has lost some of these bright stars. Most teachers here love to teach kids but they should show it more; the students don't know this because teachers hide it."

Gayle Gialdini-12



ADMINISTRATION

Mr. Terry, our principal of two years, had to come up with a plan to have both senior and junior high, which amounted to close to 2,000 students, attend a school that was built to hold only 1200 students. He did this and we thank him very much.

This year we have a new addition to our staff, and that is Mr. Duane Hoerning, our vice-principal. We are glad to welcome Mr. Hoerning to Southwest and we hope that he will be with us for some time. When asked what he thought of SW, he replied, "Each student is a different individual and must be treated as such. He should be shown the value of education and learn to enjoy learning."

Mr. Astin, who is now the vice-principal of SW junior high, will be the new principal of Lombardi Jr. High. Asked what the significance of separating the junior high and the senior high would be, he replied, "I feel it will allow the senior high a curriculum that pertains to senior high and junior high a curriculum that pertains to the junior high."

Mr. Mommaerts

Mr. Mommaerts, junior high boys' counselor, was an English teacher, but felt he couldn't get close enough to students. He couldn't see the significance of just teaching pronouns, etc., without really getting to know kids. As a counselor he has the chance to get to understand them.

"Education is a treasure chest; a teacher the key." - Petronius

What are your hobbies? "I like all sports and take a very active interest in what I'm coaching. I like to teach the kids that have enough enthusiasm to learn." Do you like to teach? "Yes, the kids are great." Mr. Zimmer would like to see Driver's Ed. put back on the program; and have open campus for some kids.

CLUBS

Clubs at Southwest have come under a lot of controversy this year. Many feel that clubs have suffered loss of interest because of the crazy schedule. The following are comments by a cross-section of students expressing their feelings about clubs in general at Southwest High School.

"There was a transportation problem or clubs would have come off better." Bob Sieckman-12.

"You had to fight for open rooms to have meetings." Diane Dworshak-12.

"It's too bad that clubs can't have their bakesales because fund raising is difficult without them." Al Kabacinski-12.

"Muskrats was bad because there was only one meeting. The only good thing they did this year was during Homecoming when we moved the outhouse on the hill." Bob Dohm-12.

"We really didn't hear that much about them. They don't seem to have the same meaning as before." Anonymous

"I think that clubs are useless." Bev Senecal-12.

"There's nothing to say about them because they don't do anything. Key Club is the only one that you ever hear anything about." Mary Jo Noth-11.

"The reason that clubs are so bad is that nobody bothers to say after. Who wants to stay when we have the whole afternoon to ourselves. Last year, the whole afternoon was gone by the time we got out of school, so then it didn't matter whether we stayed an hour more or not." Nancy DeJardin and Barb Weinhardt-11.

"Clubs are slow-nobody's doing anything. Pep Club wasn't even peppy, Key Club lost its key, French Club now speaks Spanish." Reb-12.

"They all want money. It seems that the only reason they want members was to make them work and get money and then spend it on something foolish." Jayne Link-12.

"I think that we've had outstanding clubs this year." When asked to explain why, he said, "I don't know why." Mark Lepp-12.

"Don't ask me. I really don't know. I think they're good. It's nice that we have them. It gets kid involved." Cindy Malcore-11.

Seminar 72 says, "Generally, we have nothing to say."

"I'm not in any. I don't have the slightest idea what they do." Mary Charles-11.

"I think they're good because it keeps people together." Irene Soletski-10.

"They keep kids out of trouble and gives them something to do. Other people benefit from them." Tina Kruse-10.

"Not very active. For one thing, you just don't hear anything about them. I think lack of interest is one big problem. Cindy Williams-12.

"Nobody did a whole lot of anything. They just weren't doing anything this year except just getting together and goofing around. We really didn't accomplish anything. I think it was mainly because nobody had any money and kids were busy after school with jobs." Cathy Vogl-11.

"I didn't hear anything about clubs this year." Dan Zmek-12.

The David Froistad Committee

Although few people seem to know about it, the David Froistad Committee is alive and kicking here at SW. For the unenlightened majority here at school, this committee was set up to perpetuate the memory of David Froistad, who died in 1968, dur- his senior year at SW. Since David Froistad made such outstanding contributions in the fields of scholarship, leadership, and athletics, this committee tries to carry on his ideals through the giving of scholarships, the mile-relay team trophy (which SW won in 1972), and a student-athlete award.

The members are, FROM RIGHT TO LEFT: STANDING-Jonna Horsens, Linda Hassett (Chairman), Betty Grosshans, Debbie Tuttle, Mary Jo Decker, Brad Rogers. KNEEL- ING-Judy Sentowski, Glenn Goldschmidt, Larry Pieckert, Rob Reed. Not pictured: Mr. Nault (advisor).

"I think Key Club could have been more effective this year. Perhaps, one reason was the lack of money-making projects. They were so used to the ice cream deal. (Mr. Hayes)

"Really I think that Key Club does serve its purpose. The meetings were more like a get-together to get to know the guys -not always so formal-even though we did do some things of a serious nature. I think that Key Club next year will be more established and Mr. Hayes will be a marvelous advisor." (Dave Ryskoski)

"It seems to take a year to really get involved in something, when you join a club, it takes a while to figure it out. Our problem was getting organized. (Larry Pieckert)

AFS Students

Grant us brotherhood, not only for this day but for all our years--a brotherhood not of words but of acts and deeds--grant us that simple knowledge.

-Stephen Vincent Benet

Lilijana Sukorovic

To many people, AFS means having a foreign exchange student come to Southwest for a year. This year as in previous years, is what it meant. Lilijana Sukorovic, from Yugoslav-is was here for a short time.

AFS, however, does not only mean having a visitor from a foreign country, but also being a visitor to a foreign land. This is what it meant to Gayle Gial-dini last summer when she visited Izmir, Turkey. This year Mike King is a final Candidate to take part in an exchange himself.

"Sports lived up to almost all my expectations." Tom Mohr-12

"I suppose it was all right, but there should have been more fan participation at the hockey games." Dave Eldridge-11

"I like them. I liked the enthusiasm and everything. The pep assemblies got you all ready for the games." LaVonne DeMeyer-11

"I recently came from Iowa. Down there, there was more cheering, where here it wasn't as much enthusiasm going on." Ruth Ann Muehlethaler-10

"Rotten, too much work." Mark Pepper-11

"Better than last year, that's for sure!" Mark Stein

"The rest didn't get very far but Basketball went the farthest." Steve Barrette-11

"Sports are just great. I think the kids came to the games and meets more than ever before. It was kind of tough for the athletes to practice after school this year and I think a lot of credit should be given to them." Bob Klenke-12

"Football brings back rain and soggy popcorn. Basketball was bango, bango, bango, and exciting Fr. nights." Marcia Nylund-11

"Super sensational!!!" Karen Olson-11

"There's been a big improvement over last year, participation-wise and fan-wise." Miss Okonek

"Good, fine. The outstanding performances of the talented basketball players were super fantastic." Patti Kabacinski-11

"We did a lot better than I thought we would." Cathy Vogl-11

"We've had a wet season for track. Basketball was wonderful, just great. It's fantastic the way Mr. Nault can throw a team together. Football was cold." Dave Rebman-12

"Who would ever forget those five buses to Fond du lac. That has to be, I think, the sports highlight of the year as far as the fans are concerned. I really think that a lot of kids never thought that we would never be able to get that many kids involved in something with school. Anonymous

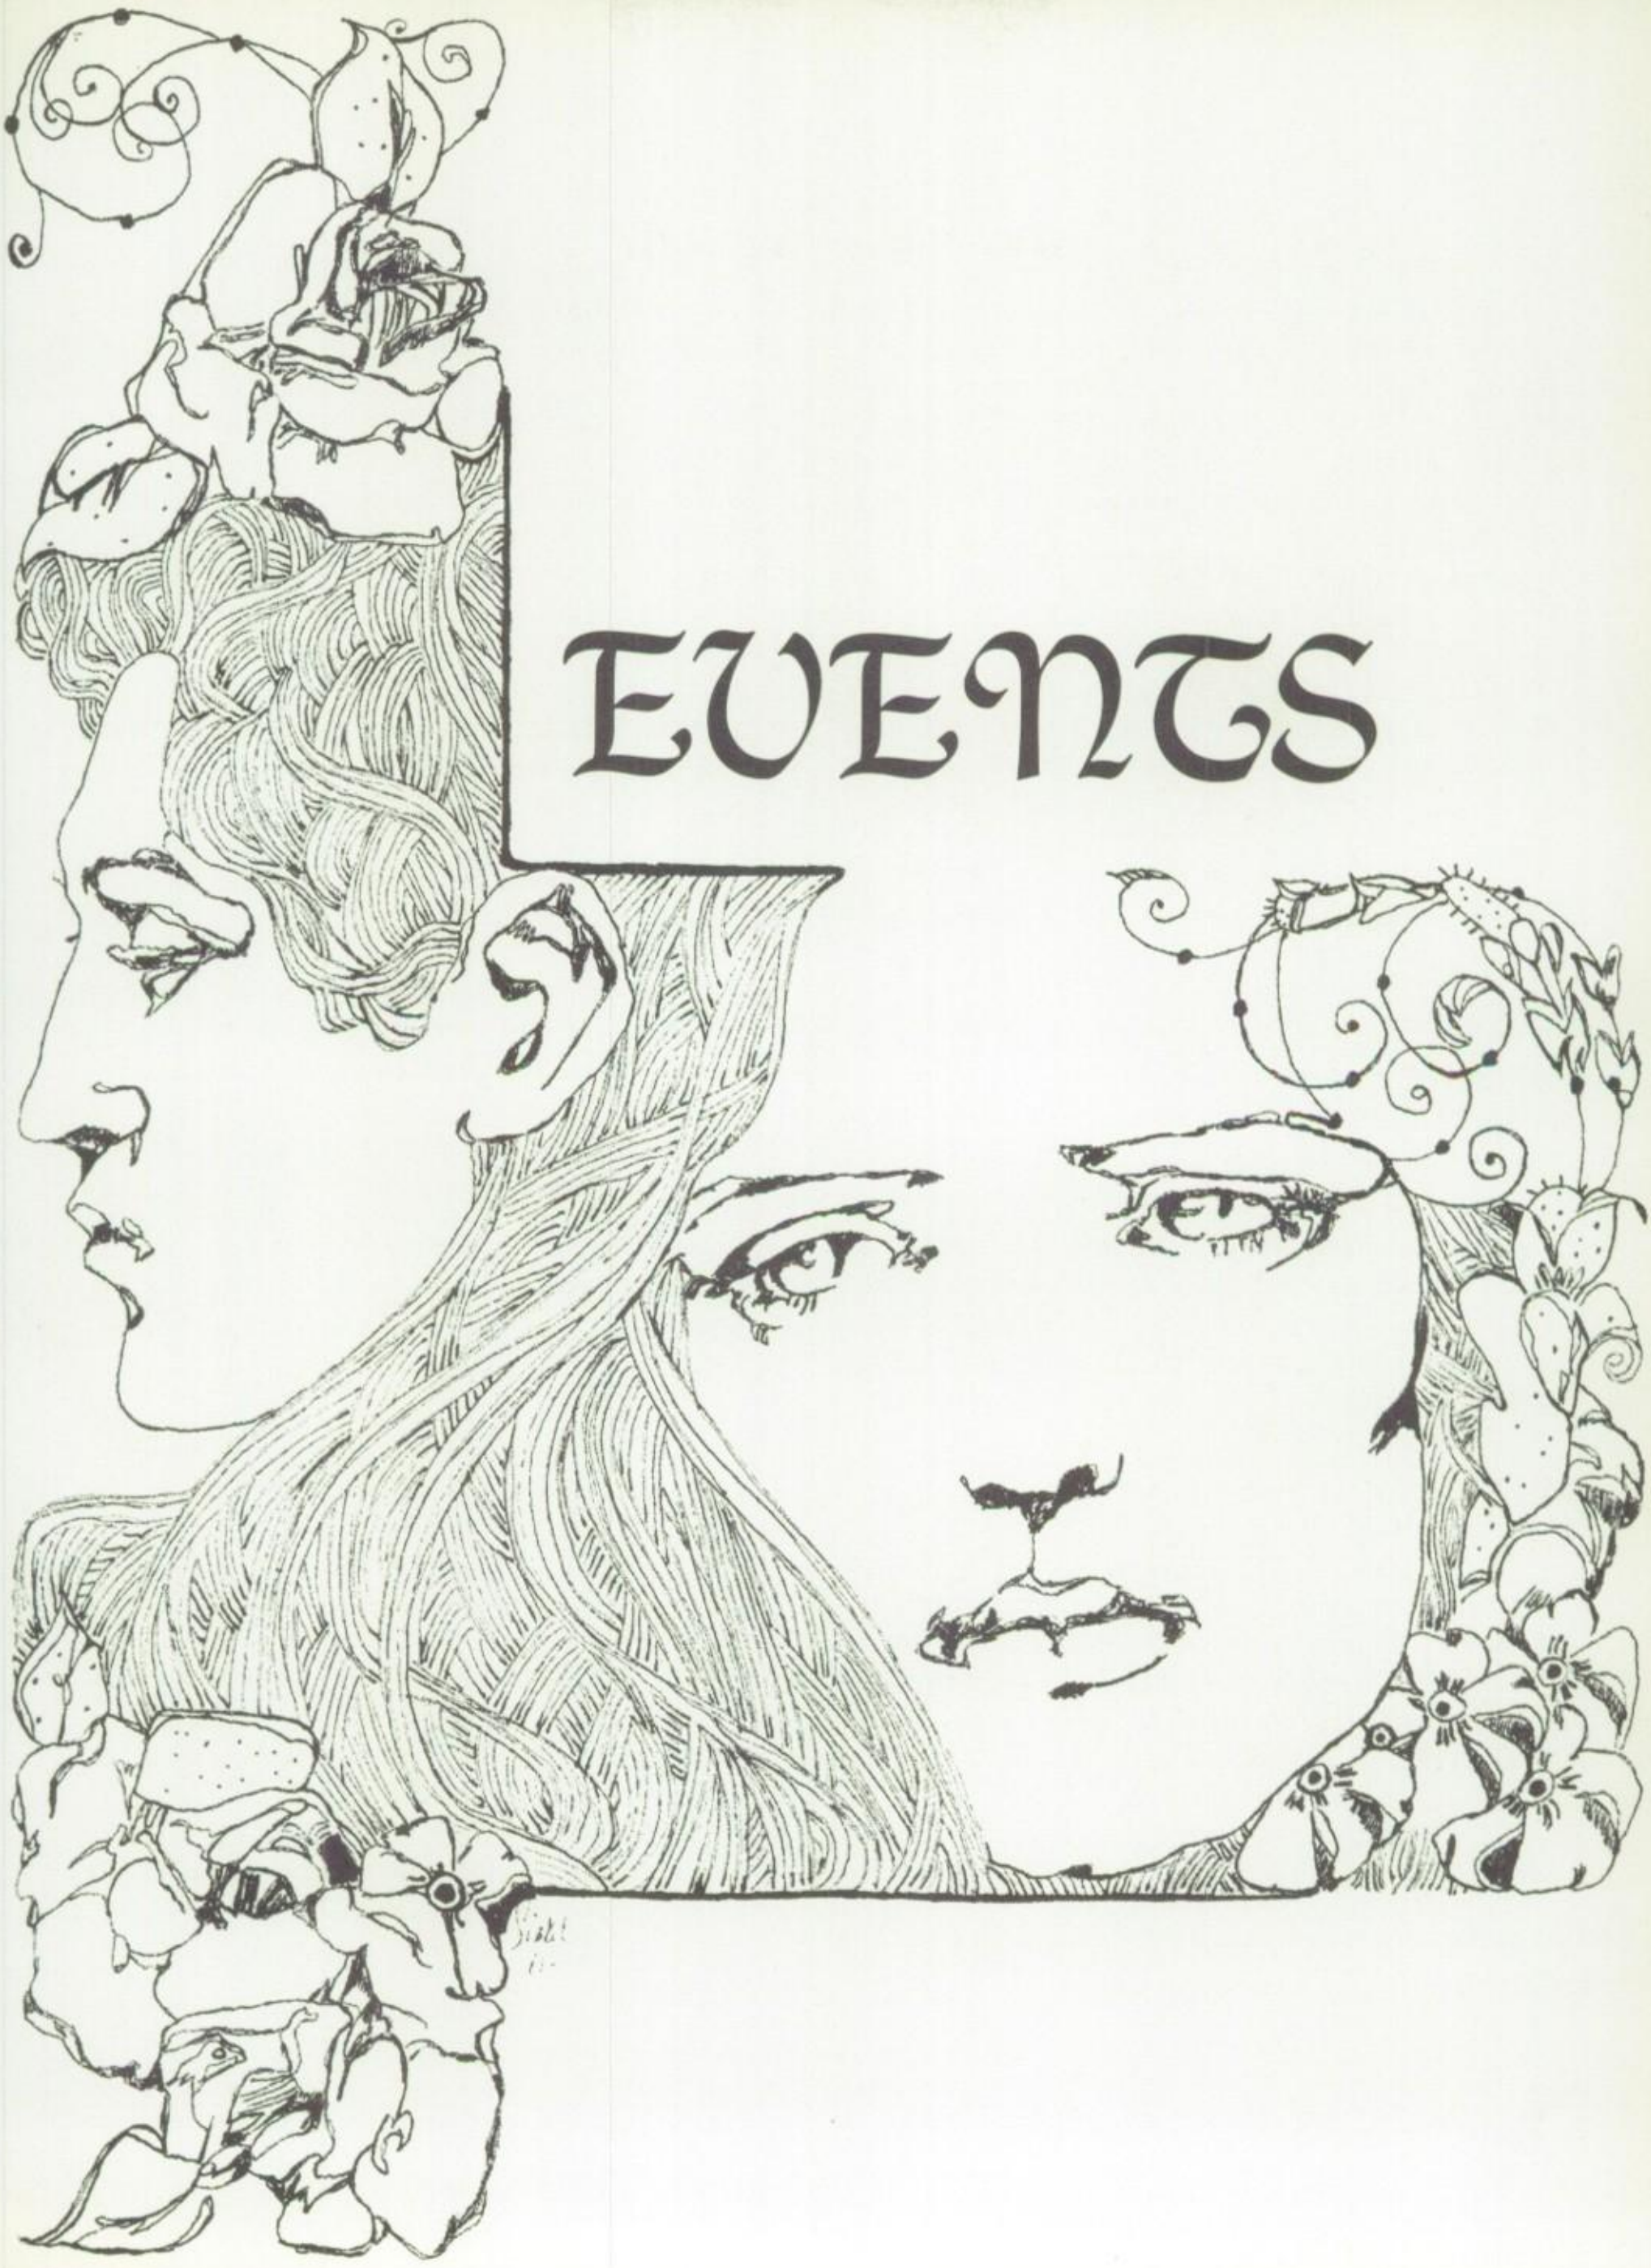
EVENTS



Many people consider social events to be a big part of high school life. Southwest's big two events of the year are of course, Homecoming and Prom, but there are also many other special events that take place at our school. The following are comments concerning this year's school events.

"There could have been more dances." Al Kabacinski-12

"One thing that really bothered me was that we didn't have a musical this year. Everyone wanted one but there was too much objection by some people." Anonymous-12

"There should have been more dances with better name bands." Mike King-12

"I think they were planned well, had good organization and were carried out successfully. There was more interest on the part of the students." Bob Jacobs-12

"Extra-curricular events are an important part of school life. It breaks up the boring routine of school. You also get to meet so many other kids through events at school." Anonymous

"You better name a few to refresh our memories." Anonymous

"I think the events at school were very successful this year. I think they were advertised real well through posters and announcements and they made them sound real inviting." Holly Konop-11

"You winked once, and you missed them." Rick Williams-12

"I think the best event this year was Homecoming." Anonymous

"School events in the 1791-72 school year were far superior to those in previous years." Mark Lepp-12

"Do you realize that we didn't have one dance? They said that if they didn't kids would participate-I think that they would have. They had a hard time getting teachers to chaperone." David Hintz-12

"Personally, I think that the A.F.S. was a highlight of school events this year. Anyone that missed it, really missed something great. We did dumb, crazy things but, WOW, what fun!" Anonymous

"You know, I think that it's time that Southwest came up with some different social activities at school. Every year, it's the same things over and over. Maybe that's why some of the events lacked the participation of the students." Anonymous-12

"Homecoming was the most fun that a lot of kids have had all year." Cindy Young-12

"Prom was fun, but Post Prom was boring. What do you expect when they kept turning off the lanes about every hour."

"As Tony the Tiger would say, They were really great!" Jean Dwyer-11

"There weren't that many and what there was, wasn't that good." Connie Berndt-11

"Our plays and things didn't get as much support as they should have." Linda Goethe-11

"I don't know, I didn't attend them except the morning of Homecoming. THAT was my favorite event, when all the seniors drank wine and ate breakfast." Mary Mayer-12

HOMECOMING 71

Floats, spirit, vandalism, smiles, work, and lots of fun. Those are just a few descriptions for the '71 Homecoming. The court was made up of Sophomore representatives Kathy Kasner and Mark Williamson, Junior representatives Holly Konop and John Hlava, Senior representatives Jean Hermsen and Stu Betts, Queen-Gayle Gialdini and King-John Saxe. Homecomings are different for everyone and here are just a few of the feelings and emotions: "Beer ... beer ... yah, beer." Bob S. "I liked it, especially the flowers." Mary K. "Hard to say, I couldn't see to well." Joe H. "Good game, thought the decorations at the dance were great." Dave N., Terry B. "I didn't get asked." Ann C. "The usual farce, I didn't have enough money to ask a guy." Mary M. "We lost, didn't we?" Pat R. "Drinking" Sue B. "Definitely a highlight of my social life." Pat L. "Riding on lawns at 4:30 in the morning!" Linda G. "It was very tiring and all around fun." Gary E. "Fun, took a lot of work, but it was worth it. It unified our school." Jonna H. "Loved it!" Kathy K. "Best one yet!" Jean H. "I used to think that queens were different...I realized they are normal people." "It wasn't just being queen, but lots more." Gayle G.

A.F.S. Weekend

"Walk together talk together, all ye peoples of the earth; then and only then shall ye have peace." This is the A.F.S. motto. We entertained eight foreign exchange students March 24-26. Our guests were Joao Lima (Portugal) Chi Chi Meza (Paraguay), Annette Fischer (Germany), Guto Alexandria (Brazil), Biray Ozeye (Turkey), Franziska Denkarth (Germany), Ursula Hiltbrand (Switzerland) and Caxton Kukuba (Uganda). They attended the Senior-Faculty game, the Latin Club dance, the forensics contest, a tour of UWGB, a party, and a banquet at the Downtowner where Hubert Humphrey appeared.

Caxton competed in the district forensics contest and got an A on his 8 minute speech on A.F.S.

"I really had fun reminscing about the war with this groovy German chick!" Bill Murray

"It was one of the most inspiring examples of the inter-racial and inter-human admiration and affection that existed between myself and a ... I forgot her name. (and that was just before the party!) John W. Saxe

"I think that it really helped to get the school involved in what A.F.S. is all about. The kids were so warm and friendly --- all I can say is that they are beautiful people ... every single one of them." Denise Reeners

"You Are Everything"

King Paul Gustafson, Queen Nancy Storzer, and the 1972 Prom Court.

Master and Mistress of Ceremonies: Paul Johnson and Lottie Litkey.

The 1972 Junior Prom, "You Are Everything," was held the evening of April 28. Our own Owen Noxon and his "Men of Note" supplied the musical strains. The Commons, beautifully transformed by the patient hands of weary juniors, seemed to make one forget that breakfast and lunch was served there. The icecream wrappers, sporks, and puddles of orange juice were gone. In their places were white trellises laced with vines, wrought iron benches and a footbridge complete with a pool of sparkling blue water.

Crownbearer and Flowergirl: Paul Mommaerts and Carla Manske.

Prom Court: (ROW 1) Debbie Van-Campenhout and her escort Steve Amenson, Betty Grosshans and her escort Ron Hertwig. (ROW 2) Lori Manske and her escort Dale Hoegger, Ann Masemore and her escort Keith Katers. (ROW 3) Joan LeBreck and her escort Bob Siebert.

Prom meant many different things to different people.
"Cold Junior Arbys" Claude
"Sore arms, hot lips, and tired feet." Bill Murray
"I learned how to butt in other people's dances." Mike Allen
"I learned what true pain is." Ron Hertwig
"Birds come out earlier than you think!" Mark Pasch
"A night of excitement. ah-ya!" Bob Siebert

Prom is remembered for many different reasons. "I remember 4:00 and a leaky pool, 4:30 sending Carl Sunby to pick up a little wading pool."

Dave Kielpikowski
"Majority of people who help, don't go."

Mark Linders
"The harmonious effects of a great band blended in with soft lighting and reflected the scenic views."

The King
"It's a farce, but great decorations and lighting. Well set-up, very well executed."

Rob Reed
"The entire room gave you a feeling of closeness and romanticism and the decorations brought you to the beautiful feelings of the wide open spaces."

Carol LaCount
"It's worth $4.50 to stand in the Commons when it's clean."

Mike King
"You really don't get nervous until you walk out on the platform and feel them collapsing under your feet."

The King
"The movement of a heart from one age to another. In make-believe dreams, we are allowed to fulfill the passion of what is yet to come. A tradition of young love pointing towards true love. We are all learning in a flowers and rose-lit nights the joys of deep love even if it's not yet there."

Talent Show

"The talent show was the most masterfully constructed and excellently executed presentation ever!" Bob Jacobs, grade 12

"It was a massive success, if you like blunders. I hated the first act, and everything went downhill from there. But then again, it was Southwest's best production ever." Paul Johnson, grade 11

"It kept my boyfriend interested." Julie Wessel, grade 12

"Really big shoe." Daryl Dombrowski, grade 12

"I think it was good, but there could have been more talent." Dee Nardi, grade 10

"Contrary to PDJ's opinion, I thought it was great. The MC kept the acts tied together, and the audiance never lost interest. I was really sorry to see it end and I though the talent was fantastic." Paul Gustafson, grade 11

"The highlight of the evening was the can-can dance with it's well executed choreography." Marcia Nylund, grade 11

"It was outstanding. All those people out standing on the stage." Kevin Long, grade 12

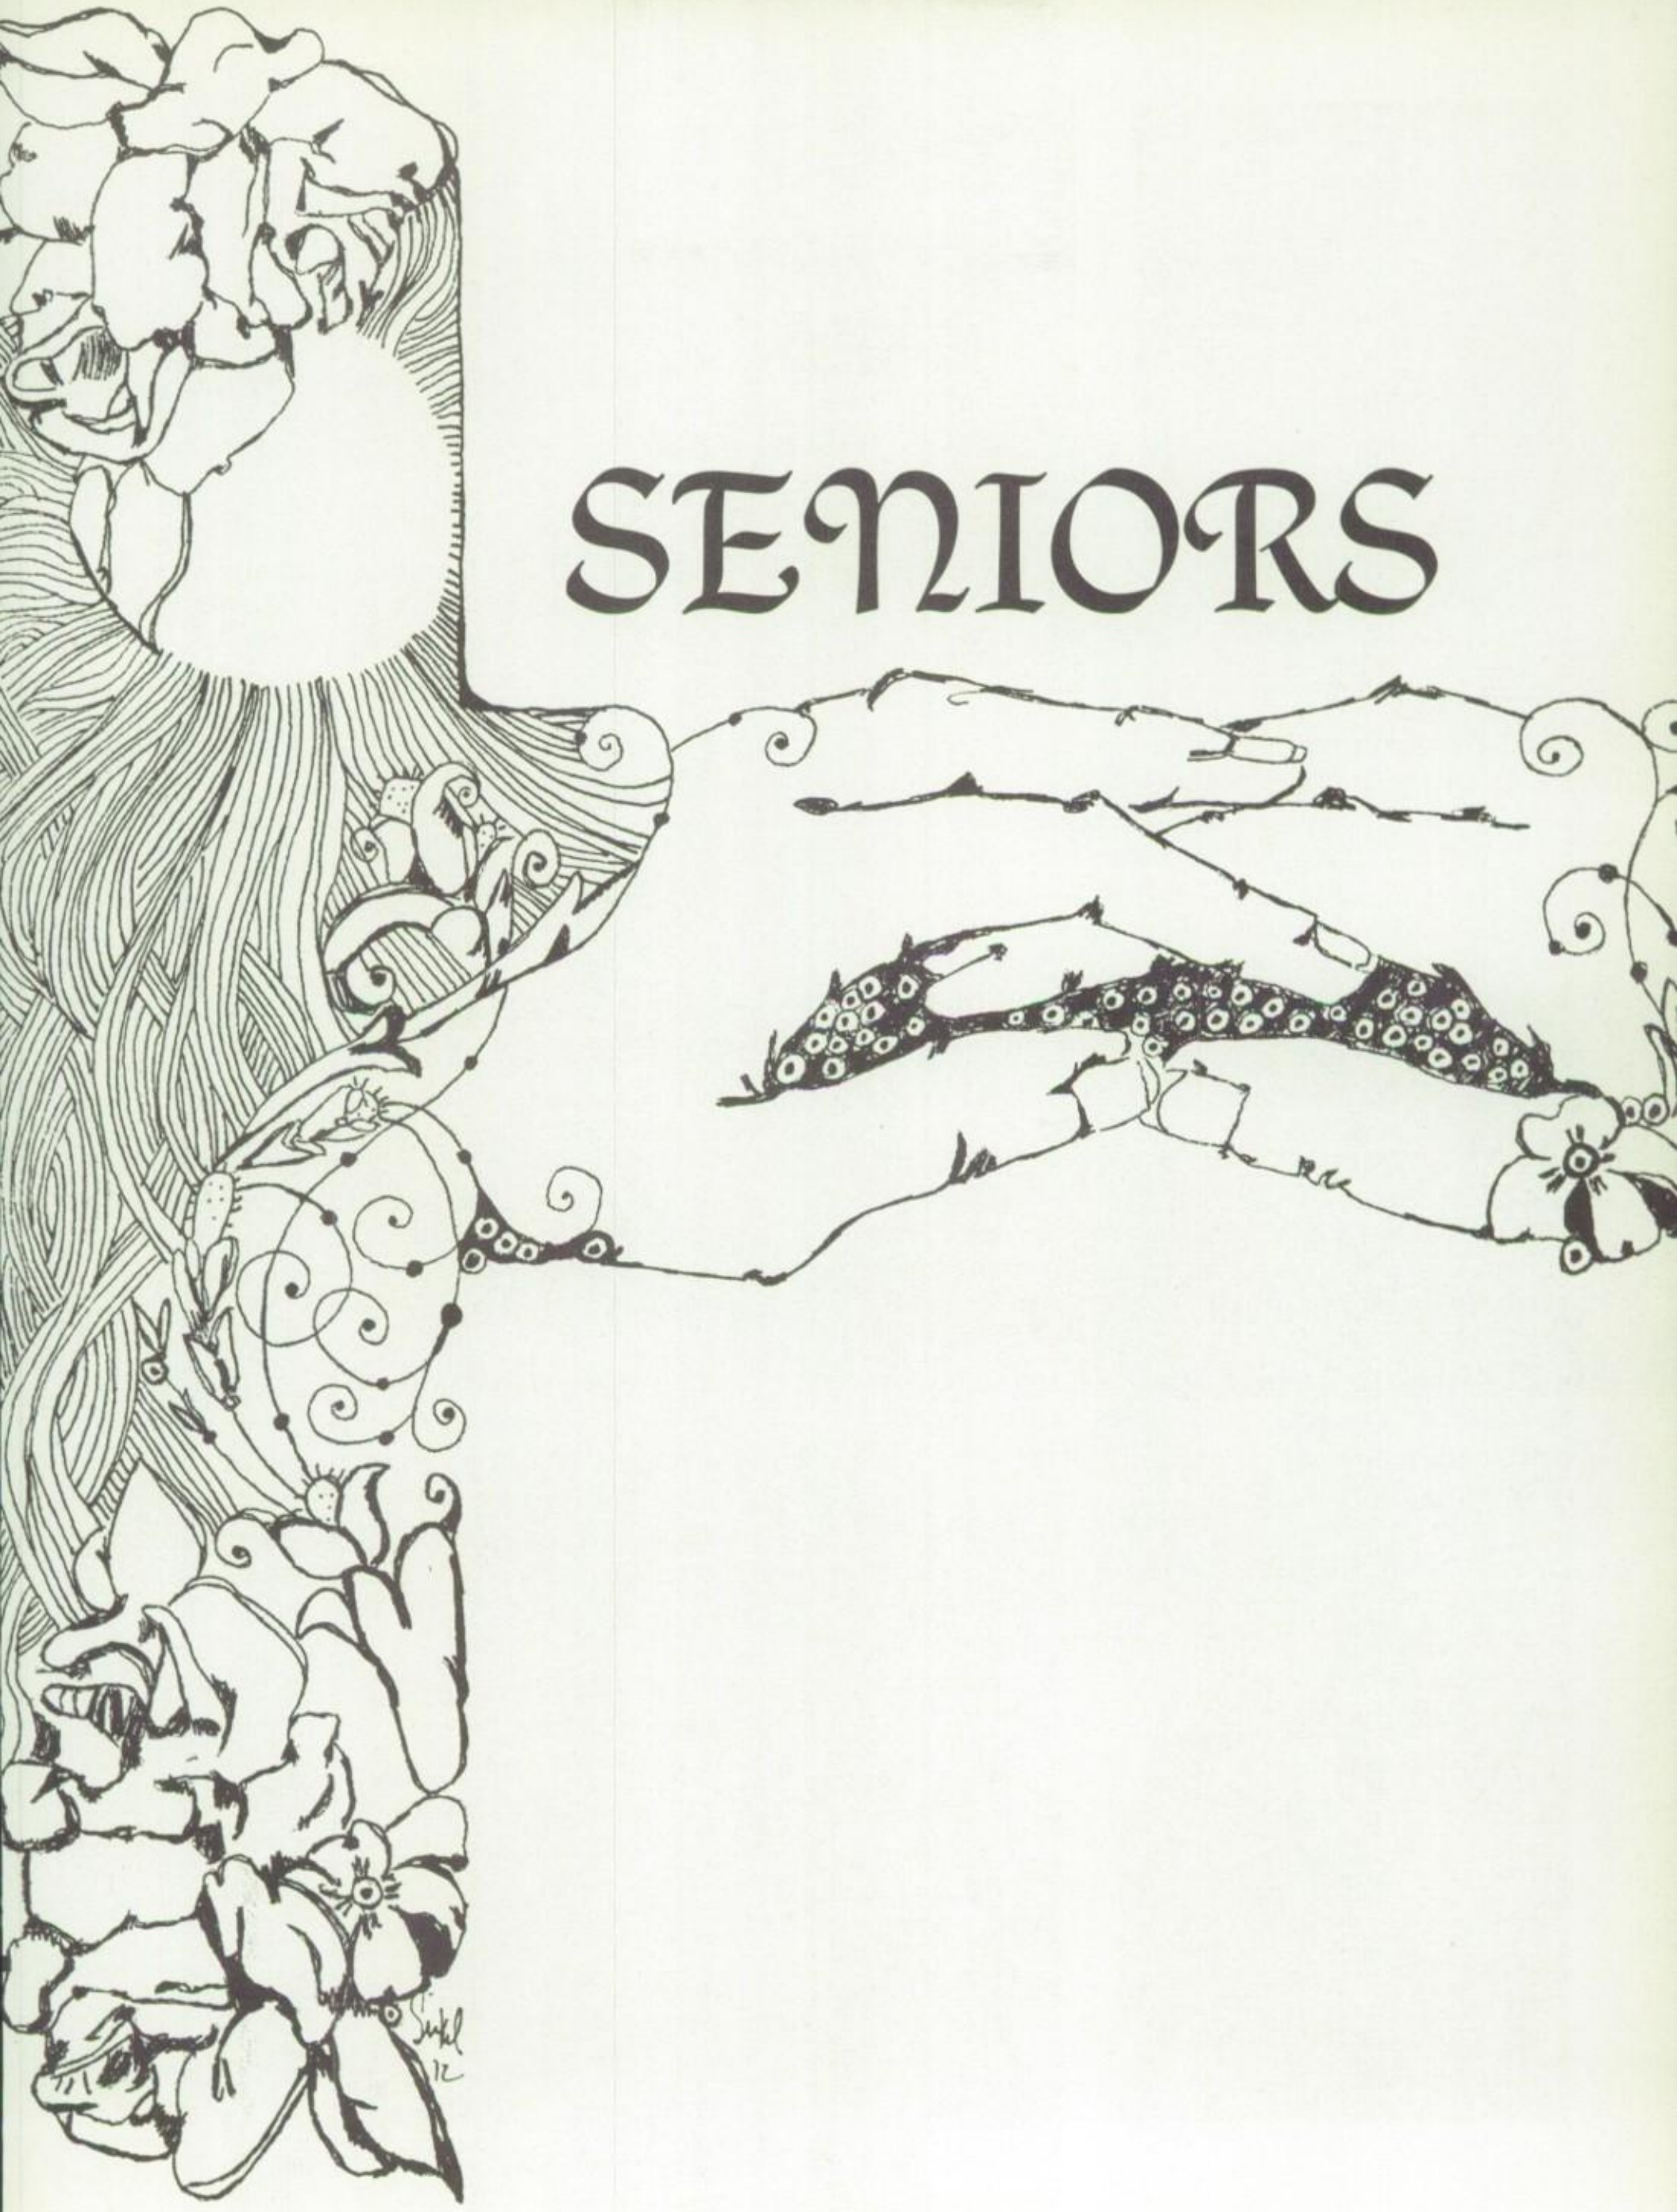
SENIORS



Because the Age of Majority Bill and the right to vote at 18 were passed at a time so relevent to the Class of 1972, we decided to ask some seniors for their opinions on these two recently passed bills.

"I think the voting age is really neat, but I think there should be more restrictions on the age of majority bill."

Betty Tronnier

"I think it's good because the kids will have to accept it sometime especially in times we're living in now."

Diane Dworshok

"I could care less. Everyone thinks of the advantages of the bill but no one thinks of the disadvantages."

Bob Klenke

"I'm against it completely. They think liquor is the main advantage. There are so many more disadvantages that we face, as far as the penalties and being on your own. It's a big responsibility."

Kathy Sickel

"I like the idea of being able to vote at 18. As far as the majority bill along with rights and privileges, come responsibility."

Dave Ryskoski

"It really doesn't affect me now. I don't think it'll change things that much."

Anonymous

"I don't like it at all because I don't want the responsibility."

Julie Wessel

"Well, I'd like to make one thing perfectly clear. I think that there's lots more responsibility involved than kids realize."

Anne Grosshans

"I really don't know. Time will tell. Some of the kids won't be able to handle it, but time will show."

Kevin Long

"I'm for it. I think that the majority fo my peers are mature enough to handle it. As far as voting goes-the normal thing."

Anonymous

"For one thing, I get to go to 21 year old bars-But I think that if guys are old enough to go to VietNam, they're old enough to vote. I think that by the time we're 18, we're adult, mentally at least."

Lynn Lotto

"The vote's o.k. The majority bill-some good and bad. All the bars are sickening. They're too expensive for kids. It should give you more responsibility as an adult."

Ed Engels

"I really think it's good but I don't know how the kids are going to exercise it. I hope that they understand what the responsibility of voting is. I myself am glad to feel the responsibility to voice my opinion in our country and I hope that other 18 year olds feel the same way."

Karen Keating

"I'm for the 18 year old vote because I think kids just out of high school are better informed."

Becoming Is Superior to Being
Commencement 1972

I shall pass through this world but once.

I can show, or any good thing I can do,
Let me do it now . . .
For I shall not pass this way again.

Skill to do comes from doing

Wisconsin Public Service has been "doing" for 85 years. These years of doing have sharpened our skills and efficiency. So much so that we've been able to steadily reduce our rates during the past 10 years . . . when just about everything else has gone up. *Better service* for *more Customers* at *lower rates* . . . that's our "skill to do."

You are a child of the universe
No less than the trees and the stars;
You have a right to be here.
And whether or not it is clear to you
No doubt the universe is unfolding
As it should.
